Volunteer Organisations

Formal volunteering through organisations has slipped since before the ~~pada~~ pandameic.

22.6% of adults did uppaid voluntary

618M formal volunteer hours

34% vs 20.9% remote vs city volunteering rate

Participation varies across Australia

① Rates peak outside capital

Volunteering rates are higher outskirt.

② NSW & Victoria hold largest pool

Total count of volunteers are in capital

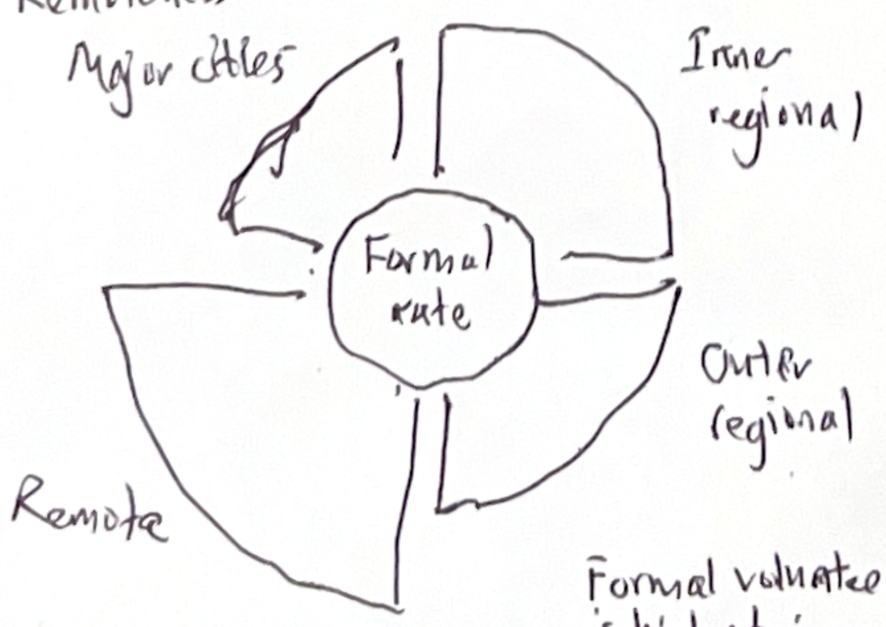

③ Volunteer mass piles onto eastern seaboard

East coast has higher population causing high & dense volunteering rate

④ Remoteness list rate

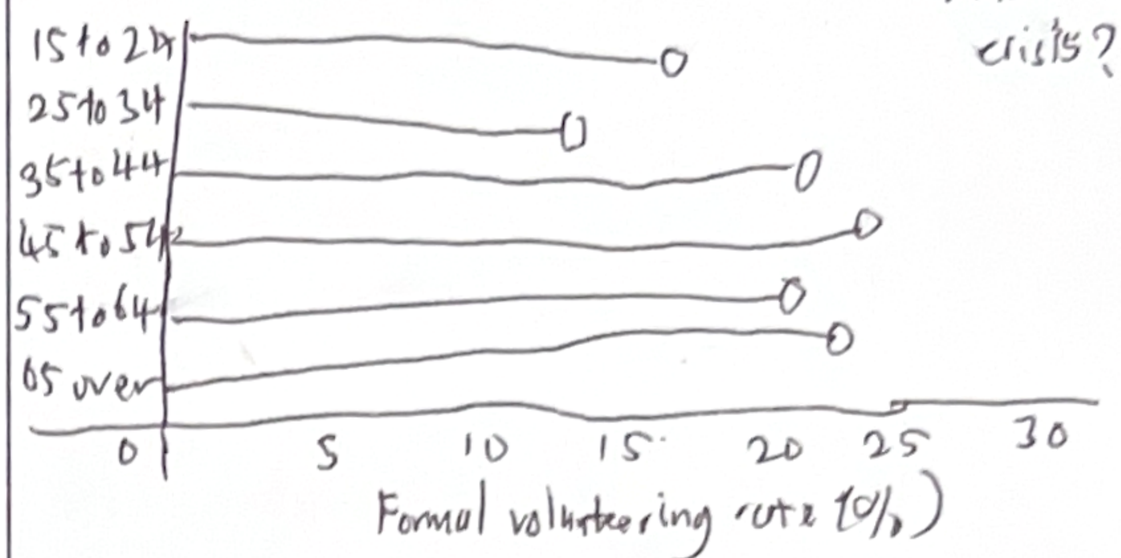

Formal volunteering is highest in remote areas

⑤ Mid life adults lead, while formal rate stayed soft

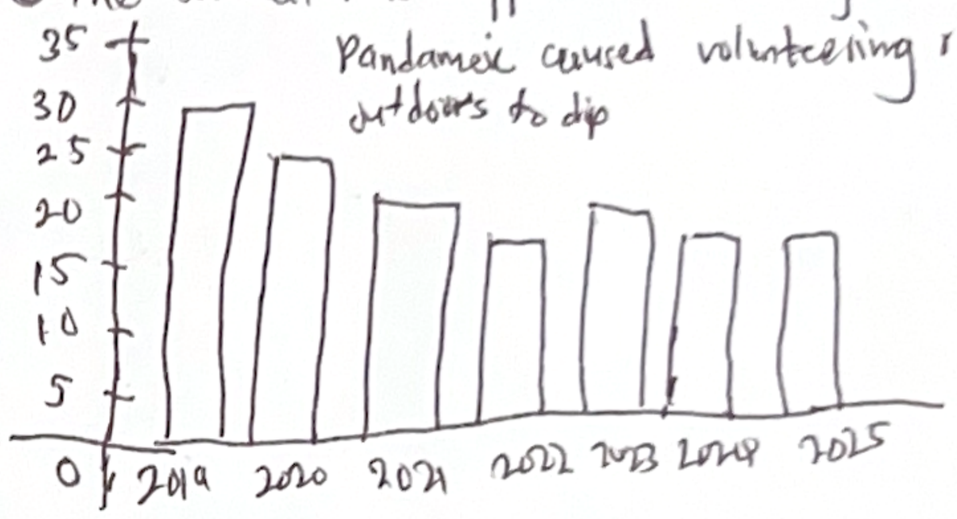

Mid life leads, young adult lags

Mid life crisis?

⑥ The formal rate stepped down & stayed soft

Pandameic caused volunteering rate outdoors to dip

⑦ Sectors & community activities

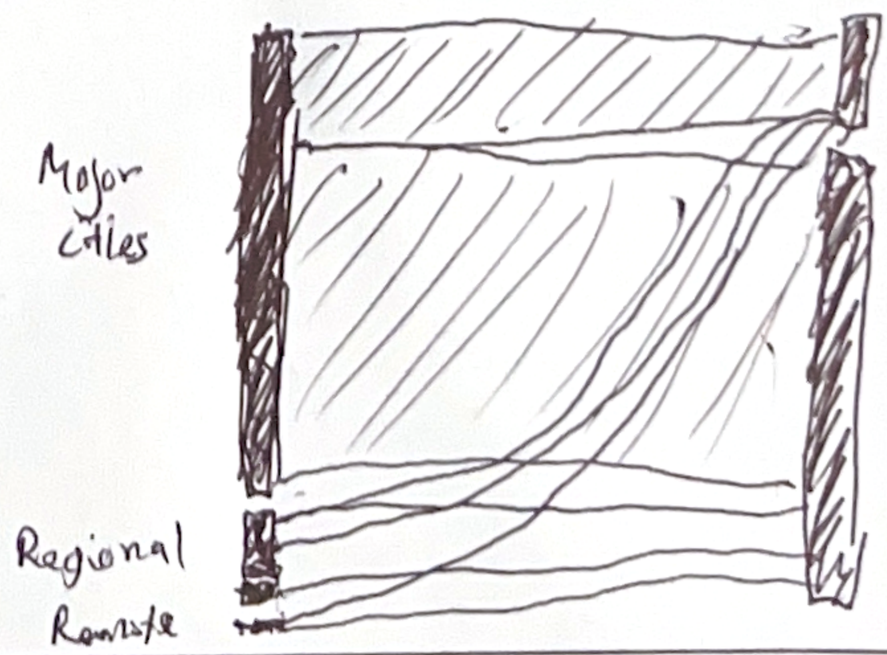

Sport & recreation leads

⑧ Sectors nest the organisation mix

⑨ Remoteness feeds the formal pool

Even with low rates, cities still feed the major pool
